

ATTACHMENT ONE

To: Southwest Gas Corporation

From: _____

Date: _____

Subject: house-line permitting and inspections

The _____ of _____ agrees to allow Southwest Gas Corporation and its contractors to extend above ground, external house-lines without the need for permits or inspections when conditions make it necessary to relocate company equipment. Southwest Gas Corporation, or its contractors will not alter, or make repairs to any other portion of the external house-line without first obtaining a permit and inspection. A leak test or pressure test will be performed on the customer's house-line and liquid (soapy water or soap) will be used on all visible connections.

Southwest Gas Corporation will extend house-lines with permits and inspections, only when the company generates the need. When the customer generates the need, Southwest Gas Corporation will follow the normal permitting and inspection process.
